

**Metro Care Ambulance is
currently accepting applications for
EMT - Basic positions on our ALS/BLS
Ambulances.**

Job Details: Wages: \$20/hr DOE

Job Type: Full-Time and Part-Time

Are you looking for a job that provides community, growth and strives to have a healthy work-life balance? Metro Care Ambulance believes in balance and is driven by family values, putting our employees and their families' well-being first. Our team is growing fast, and we are looking to add a few more EMTs! We are looking for providers who care about our communities and are looking to grow and learn as a provider. We want people who are looking to be a part of a growing team who will uphold our core values of Commitment, Respect, and Integrity, who are passionate with a great positive attitude, happily service hearted and have a shared commitment to quality patient care through the pursuit of continued education. Most of all, we are looking for compassionate, knowledgeable providers who are looking for a place to call home and be a part of a growing team.

Why You Should Join Our Team:

We are an agency whose mission is to provide compassion centered care to those in our communities.

Created in 2016 by an EMS Provider here in Colorado, Metro Care Ambulance is a center focused on family-work balance. As a new agency, we have the opportunity to continue our growth based on employee feedback and build a community that fosters a spirit of care not only to our patients, but to each other. The healthier we are as providers, the better care we can provide to our communities. If you are looking to change course and be a part of a dynamic EMS Family, then we would like to talk to you!

Position Summary

Responds to emergency and non-emergency requests, provides Basic Life Support (BLS) as needed, transports sick or injured patients to the appropriate medical facility, and complies with state and local standards. We trust our EMTs to practice at the top of their certification; our facilities and their physicians trust our transport teams to integrate with their initial emergency treatment plans, follow up rehabilitation plans and long-term care plans.

Location: 11111 E Mississippi ave suite 163. Aurora Co 80012.
